Who we are

Working together to empower our learners

At MHC we believe that education is like reaching the summit of the mountain. It is not the work of one climber but rather the work of many, working together in collaboration

Connecting to our place, we strive for excellence to grow our people mind, body, and spirit. We commit to making it work for you.

Support

Our international staff help and support students throughout their stay

- You will have an orientation programme when you arrive.
- International staff will help you with all the things you need to do e.g. buying your school uniform.
- Your school buddy will help you to settle into school life and answer any questions you have.
- Your homestay family will help you to relax and feel comfortable in your new community.

Pick-up

Students are met at Christchurch International Airport on arrival by an international staff member. And are dropped off to their homestay family

Family Life

Homestay

Mount Hutt College arranges homestay accommodation which provides:

- a safe physical and emotional environment
- a warm, comfortable furnished single room with study facilities
- 3 meals a day
- laundry facility

Your homestay family will:

- treat you as a member of their own family
- set reasonable house rules and routines for your guidance
- encourage you to participate in the family's activities and events (eg chores, sports, family trips)
- help you with speaking in English
- help you with your life in New Zealand

We promise

1. We will make sure you are happy in your homestay
2. We will help you with any problems or questions

YEAR 7-10 (age 11-15)

Junior School

Our Year 7-13 school has a family atmosphere with junior and senior students mixing together.

Junior students participate in a wide range of activities with the support and guidance of our senior students.

Students in the junior school study:
Full year - English, Mathematics, Science, Social Studies, Physical Education and Health
Part year subjects: Art, Music, Digital Technology, Food Technology, Fabric Technology, Hard Materials Technology, DVC, Agriculture, Business Studies, and a second language.

YEAR 11-13 (age 15-18)

Senior School

Choose from a range of subjects and levels. Enjoy practical and real world learning.

Our curriculum is focussed on 21st Century learning to prepare our students for a digital and global world.

Creative and problem solving young people who can communicate and co-operative are our goal.

We value the sharing which occurs when local and international students meet, talk and learn together.

English for Speakers of Other Languages

ESOL

ESOL can be taken as a subject either instead of regular English or as an additional English class for those who want extra support or extension with their English.

There are small size classes for learning ESOL at all levels.

Some international students take ESOL as a subject.

It is also possible to sit an examination for an internationally recognised qualification in English.
